

EV961326

MH² Filter Cartridge

Delivers premium quality water for coffee applications

MH² replacement cartridge EV961326

BENEFITS

New and improved Micro-Pure II media with AgION™ antimicrobial protection inhibits any potential bacterial growth.

Provides clear, fresh, premium quality ingredient water for consistently great tasting coffee and beverages.

Everpure's unique filter blend using activated carbon reduces chlorine taste and odor and other offensive contaminants.

Saves energy by reducing scale build-up. Proportioned scale inhibitor feed dramatically prevents limescale from forming in brewing equipment.

Precoat submicron technology reduces dirt and particles as many as 1/2 micron in size and health contaminants such as asbestos fibers and Cryptosporidium and Giardia cysts.

Sanitary cartridges replacement is simple, quick and clean. Internal filter parts are never exposed to handling or contamination.

NSF Certified under NSF/ANSI standard 42 & 53

INSTALLATION TIPS

Install vertically with cartridge hanging down.

Allow 7 cm clearance below the cartridge for easy cartridge replacement.

Flush MH² cartridge by running water through filter for three minutes at full flow.

OPERATION TIPS

Change cartridges on a regular 6 month preventative maintenance program.

Changes cartridges when capacity is reached or when pressure falls below 0.7 bar.

Always flush the filter cartridge at time of installation and cartridge change.

APPLICATION

For coffee applications

For high flow, higher volume coffee urns

Rated capacity : 34068 liters

SPECIFICATIONS

Overall Dimensions:
52,71H x 8,26 Diameter

Service Flow Rate:
Maximum 1,67 gpm or 6,3 Lpm

Rated capacity:
34 068 liters

Pressure requirements:
0.7 – 8.6 bar , non-shock

Maximum temperature : 2 – 38 °C

No electrical connection required

The contaminants or other substances removed or reduced by this drinking water system are not necessarily in your water. Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system. Systems certified for cyst reduction may be used with disinfected water that may contain filterable cysts.

MH² Filter Cartridge

WARRANTY

Everpure water treatment systems (excluding replaceable elements) are covered by a limited warranty against defects in material and workmanship for a period of five years after date of purchase.

Everpure replaceable elements (filter cartridges and water treatment cartridges) are covered by a limited warranty against defects in material and workmanship for a period of one year after date of purchase. See printed warranty for details. Everpure will provide a copy of the warranty upon request.

System tested and certified by NSF International against NSF/ANSI Standard 42 and 53 for the reduction of:

Standard 42: Aesthetic Effects
Chemical Unit
Taste and Odor Reduction
Chlorine Reduction
Mechanical Filtration Unit
Particulate Reduction, Class I:
99.9+% reduction of particles
one –half micron and larger in size

Standard 53: Health Effects
Mechanical Filtration Unit
Turbidity Reduction
Cyst Reduction
Asbestos Reduction
